

Daily Use Toilet Cleaner Descaler – Mint Fragrance

SCSP1000TCP-10

Dilution Ratio: 1 Sachet per 1 litre re-usable bottle

pH: 1.5 – 2 when diluted for use

Where to Use

Housekeeping

Washroom

Properties

The highly scented Sulphamic acid based Toilet Cleaner Descaler with thixotropic properties rapidly removes lime scale and general soiling from toilets and urinals. It's viscous formula clings to vertical surfaces, allowing longer contact time for more effective cleaning.

The Toilet Cleaner Descaler leaves a long-lasting fragrance, ensuring maximum impact upon those entering the washroom.

Suitable for use on Stainless steel, porcelain, chrome and ceramic and is very effective in soft, medium and hard water areas.

Fully biodegradable and phosphate free

Directions for Use

Dilute with lukewarm water and shake to dissolve sachet.

Leave solution to stand to allow thickening for a few minutes.

Shake well before use.

Add one powder sachet to bottle

Fill bottle with water

Replace cap and shake gently to dissolve sachet

*Squirt solution evenly above the water line and around the rim
Leave to work for a few minutes and then flush*

Precautions during Use

Do not mix with any other product

Do not handle sachet with wet hands, wear gloves

Do not leave unused sachet out of box

Keep lid closed on box

For exposure controls and personal protection refer to corresponding MSDS Sheet

When in diluted solution, chemical is not classed as irritant

Concentrated
