

Duplex 340

Twin contra-rotating brush floor and carpet cleaning machine, suitable for all flooring surfaces. Effective on hard floors, carpets, safety flooring, and entrance matting.

Cleaning width of 340 mm (13"), the machine cleans, scrubs and picks up the dirty water. Its brushes are offset to one side and the machine cleans in both directions. This allows 'right to the edge' cleaning, alongside walls and into corners. A range of easily interchangeable brushes are available to suit any particular floor surface.

Product Details
