**Product Description & Directions For Use:**

B107 Prespray Gold is a high concentrate professional strength prespray cleaner for wool, woolmix, stain resistant nylon and other pH sensitive wet-cleanable carpets, rugs and upholstery fabrics. Prespray Gold is a new advanced formula product with high cleaning power but mild pH to tackle tough oily and greasy soils prior to extraction rinsing.

Dilute 30ml of B107 per litre of water (1 to 32).

**Always pre-test carpets or fabrics for colour fastness and texture change with diluted solution before proceeding.**

Apply diluted solution by suitable sprayer and agitate heavily soiled areas with carpet pile brush or upholstery brush and white towel. Follow up with extraction cleaning to pre-treated areas using B109 Fibre & Fabric Rinse, S781 Liquid Woolsafe or S780 Fibresafe Gold in the extraction machine solution tank. Do not allow pre-treated areas to dry before following up with extraction cleaning.

Where pre-inspection and testing indicates a risk of colour bleed or browning, use only B109 Fibre & Fabric Rinse subject to testing and in accordance with label directions.

Do not use this product on water-sensitive fibres or fabrics.
