

# Genius 464

## Great Productivity

Huge hopper capacity

Large sweeping path

Extensive filtering surface

## High Performance

Pre-programmed working settings

SLS (Self Levelling System) automatic main brush pressure control

**PATENTED**

Main brush special "V" shape design

Dust micro filtration

Technical data		Genius 464
Max working width	mm	625
Main brush width	mm	400
Productivity (at max speed)	m <sup>2</sup> /h	2000
Dirt container volume	l	35
Max dumping height	mm	-
Power supply		Battery 12V Battery charged on board
Filter surface	m <sup>2</sup>	1
Electric filter shaker		Automatic
Max speed	Km/h	-
Weight (net)	Kg	38
Dimensions (LxWxH)	mm	1033x615x994

# Sweepers Genius 464

## Ergonomics, User Friendly

Easy to transport

Easy to use control panel

Adjustable handlebar

Battery level indicator (ET version)

On board battery charger

## Low Maintenance Costs

Self cleaning filter system

Dust filter replacement without tools

Main brush replacement without tools

Side brush replacement without tools

## Robust Construction

Heavy duty chassis in fully coated steel

Maximum protection against impact

### SLS (Self Levelling System) automatic brush pressure control

System that adapts immediately the brush thanks to a special shock absorber.

The system allows the brush:

- to immediately and constantly follow all types of surfaces
- to self adjust brush pressure until the brush is completely worn out

### Pre-programmed working settings

2 independent programs allow best settings for all types of applications. Filter shaker can be operated at any time. Each Program can be fully personalized.

### External battery charge plug

Charging cable stowed on top cover.
