

Biological Washroom Cleaner & Odour Neutraliser - Mint Fragrance

SCSP750BWCP-10

Dilution Ratio: 1 Sachet per 750ml Trigger spray bottle
pH: 2 – 2.5 when diluted for use

Where to Use

Housekeeping

Multi-surface

Washroom

Work Surface

Properties

Formulated for cleaning all washable surfaces throughout the washroom and maintain urinal based water management systems

The Biological Washroom Cleaner and Odour Neutraliser contains highly active micro-organisms to eliminate odours and staining from urine whilst also degrading uric acid and lime-scale in urinals and on washroom surfaces.

The micro-organisms produce an enzymic effect to break down grime, scale and scum within the washroom area.

The highly scented cleaner leaves a long-lasting fragrance, ensuring maximum impact upon those entering the washroom.

Fully biodegradable and phosphate free

Directions for Use

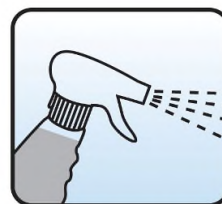

Add 1 liquid sachet
to bottle

Fill bottle with water
to 750ml level

Replace trigger
and shake gently to
dissolve sachet

Spray directly to all
